

# Carol Harris Staffing

This event is a "Ride to Provide" a Habitat House in the Allegheny Valley. All profit goes to building or renovating a home!

Are you "Hard Core" enough for some hills! We are working on a new route for our riders that takes you from the Mall parking lot towards our old route in West Deer Twp. and back, but we do have some hills to climb!

If you are up to it, register for this one!

Looking for a "family" safe ride then choose this one. We will have a safe path around the Mall parking lots for those who want to stay on the property and may have younger children riding with them! Or, just want the exercise?

This is for you!

Wait until you see this one!

The Habitat sponsored "Toddler Town" will be fully functional by the time of the "Walk/Run/Ride" with all climbing objects in place!

We are planning an obstacle course for the Toddlers which will take them around "Town" and to the final "Building of a Habitat House" by pounding some nails! Prizes for all and fun for friends and family watching!

5K Run will be less hilly so if you haven't tried this one before, try it this year. We will have a running lane at the mall (to be determined) where you can safely take your run!

NEW!  
Treasure Walk in the Mall!

Go three times around the inside of the mall (in comfort!), stop at assigned stores to receive your "Treasure".

If you stop at all assigned stores...get a prize when you return to the food court!

We didn't forget the 5-12's either.

Fun for that age group will be in the Staging area!

**SAVE THE DATE!!!**

**MAY 9, 2009**

**NEW LOCATION!!!**

**GALLERIA AT PITTSBURGH MILLS**

**NEW START TIMES**
